

# Figures of all Kinds!

**A Casa Rosa Tuscan Retreat  
for busy business women.**

**Retreat leader: Heather Newmarch**

Saturday June 11th to Friday June 17th 2016

## **How's your Self Assessment?**

*When you look in the mirror do you love what you see?*

*When it's time to file your accounts do you love what you're doing?*

Here in the beautiful Tuscan mountains we will give you the space to take a breath. You will leave happier, fitter and feeling more centred after your own personal self assessment and with the skills to easily do the one HMRC are asking for!

## **Bring yourself, your ideas and your existing pile of receipts!**

Some of the most entrepreneurial people are definitely out of their comfort zone when it comes to accounts.

But if you are confident in your bookkeeping, come and do it here in the beautiful landscape with good company, great food and make it more fun!

With the freshest of air revitalising your body as the sun comes up, Heather will lead you through wake up yoga each morning on our terrace-with-a-view. She will lead you through your bookkeeping with ease, giving your enterprise the breathe of fresh air it needs too!

It doesn't matter if you are at the beginning of your journey in business, or well on the way. We all have our strengths and challenges, start where you are, and we'll take it from there.

Bite sized pieces of information and practical help, sandwiched between delicious local food, made from the freshest of ingredients, mountain path walks and inspiring cultural experiences! By the end of the week you will feel fitter, have made some manageable personal health goals, and have your bookkeeping in order!

**If you are due to file in January 2017, bring it all with you and it will be filed six months early** leaving you to get on with what you are really passionate about. As a bonus you will leave with a new network of fellow entrepreneurs and with their collective wisdom and experience behind you. Back at home, you can access professional coaching and support from Heather and Carol, as much or as little as you need.

**Casa Rosa Tuscan Retreats: Carol Newmarch & Heather Newmarch**
